

Video Submission Instructions

Due to the sizing of video files, the following submission methods are recommended for all entries requiring video recording:

1) Text video file from smartphone

Videos taken on a smart device may be texted to **(410)585-4477**.

All entry and consent forms must still be submitted via e-mail to kelsey.eisenhauer@va.gov

2) Upload to www.YouTube.com as “unlisted” video

URL link should then be copied and e-mailed to kelsey.eisenhauer@va.gov.

Submitting this way requires a YouTube account. If you use G-mail then you already have a YouTube account. Simply log into www.YouTube.com with your G-mail login information. Unlisted videos will not be searchable or visible to the public without a direct URL link.

3) Upload video file to www.Dropbox.com

A link to the file should then be e-mailed to kelsey.eisenhauer@va.gov.

Submitting this way requires a dropbox account. It is free to create an account and upload content up to a certain storage limit.

4) Burn a DVD

Videos may be burned to a DVD via computer and submitted as a physical disc by mail or drop-off.

Please note mailing in submissions may not guarantee they are received in time for judging. Please allow sufficient time for mail to be delivered and distributed through the VA system if mailing a physical DVD.

DVD's may be mailed to:
